COMPETITIVE SELECTION PROCESS NOTIFICATION

DIRECTOR
OF MALOPOLSKA CENTER OF
BIOTECHNOLOGY

Address: Gronostajowa 7A,

30-387 Krakow

Phone no. / fax.: 12 663 53 69

Krakow, 11.02.2022 r.

RECTOR
of the Jagiellonian University
announces a competitive selection process
for the post of an
ASSISTANT PROFESSOR
in the research staff member group
at the Malopolska Centre of Biotechnology
academic field of molecular biology and biochemistry of plants

Rector of the Jagiellonian University announces a contest for the positions of Postdoctoral Researcher in Photobiology Laboratory, Malopolska Centre of Biotechnology, Krakow, Poland. The Laboratory of Photobiology headed by Dr. Justyna Łabuz investigates the influence of shortwave light (blue and UV) on the functioning of plants. We are now recruiting a postdoctoral scientist to join the team working on the OPUS project, funded by the Polish National Science Centre, entitled "How does phototropin2 control chloroplast positioning in Arabidopsis?". The aim of the project is to understand the molecular basis of signaling from the UV/blue light photoreceptor, phototropin2.

The competitive selection process is open for all individuals, who meet the requirements set out in Articles 113 and 116.2.3) of the Act of 20 July 2018 – Law on Higher Education and Science, and who meet the following eligibility criteria according to § 165 of the Statute of the Jagiellonian University:

- 1) Holding at least a doctoral degree;
- 2) Having relevant scientific achievements;
- 3) Taking active part in scientific life;

The candidate:

1. Should have a PhD in biology, biochemistry, biophysics or a related discipline.
2. Has to have received the PhD within the last seven years (not including allowed career breaks, e.g. maternity leave).
3. Should hold a doctoral degree from an entity other than Jagiellonian University, unless he or she has completed at least a 10-month, continuous and documented postdoctoral fellowship in an entity other than Jagiellonian University and in a country other than the country of obtaining the doctoral degree;
4. Must demonstrate professional experience, including high-quality publications in ISI indexed journals and active participation in the scientific life, including participation in conferences and symposia.
5. Should submit a positive opinion of the previous academic supervisor about the qualifications and predispositions of the candidate for scientific work.
6. Must know English at an advanced level, allowing for fluent conversation and preparation of scientific publications.

The ideal candidate should:

1. Be familiar with basic laboratory techniques (biochemical and molecular), including protein purification by chromatographic methods, protein / DNA electrophoresis, Western Blotting, PCR, cloning, introduction of genetic constructs to prokaryotic and eukaryotic (insect) cells.
2. Have basic experience in structural biology techniques, Single Particle Cryo-Electron Microscopy, Mass Spectrometry.
3. Have knowledge of photobiology, skills related to the measurement of light parameters, experience in working in a darkroom, knowledge of UV-VIS spectroscopy.

Applicants participating in the competition should submit their documents in an electronic form via email to Dr Justyna Łabuz (justyna.sojka@uj.edu.pl), with "OPUS PostDoc" in the email title.

1. application form;
2. resume;
3. personal questionnaire filled in by the candidate;
4. copy of the doctoral diploma or a diploma confirming the candidate's habilitation degree, if applicable;

5. information on the candidate's scientific, teaching and organisational achievements;
6. list of publications (along with the respective publishing houses and the number of pages).
7. doctoral dissertation or habilitation dissertation review, if applicable;
8. latest performance evaluation form, if the candidate was subject to such evaluation;
9. recommendation concerning the candidate's research and teaching work, issued by the director of the organisational unit or a scientific supervisor, including the results of student surveys and evaluations, if the candidate was subject to such evaluation;
10. declaration of the candidate, confirming that the Jagiellonian University will be their primary place of work, should they be selected in the competitive selection process;
11. declaration under Article 113 of the Law on Higher Education and Science;
12. declaration on acknowledging and accepting the rules and regulations concerning intellectual property management and commercialisation in force at the Jagiellonian University;
13. information regarding processing of personal data;

Opening date: 11.02.2022 r.

Application submission deadline: 04.03.2022 r.

The competitive selection process will be concluded by 11.03.2022 r.

The Jagiellonian University does not provide housing.

Declaration forms can be obtained at:

On behalf of
the Rector of the Jagiellonian University

Director of Małopolska Centre of Biotechnology

Dr Danuta Earnshaw

Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer www.iod.uj.edu.pl, Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: iod@uj.edu.pl or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
 - a. conduct recruitment process for the position specified in the above advertisement – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
 - b. conduct recruitment process for the position specified in the above advertisement above based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide you personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: justyna.sojka@uj.edu.pl or by post to the following address: Malopolska Center of Biotechnology Gronostajowa 7A, 30-387 Krakow, or you can withdraw your consent in person at Malopolska Center of Biotechnology Gronostajowa 7A, 30-387 Krakow.
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
