at the Institute of Theoretical Physics
of the Faculty of Physics, Astronomy and Applied Computer Science
academic field physics
in the project of National Science Center Poland, Quant-ERA II Call 2021
„Shortcuts to Adiabaticity for Quantum Computation and Simulation”
(principal investigator: Jacek Dziarmaga, PhD)

The competitive selection process is open for all individuals, who meet the requirements set out in Articles 113 and 116.2.4) of the Act of 20 July 2018 – Law on Higher Education and Science, and who meet the following eligibility criteria according to § 165 of the Statute of the Jagiellonian University:

1. Holding at least a doctoral degree;
2. Having relevant scientific achievements;
3. Taking active part in scientific life;

Additional requirements:

1. Doctoral degree awarded outside of Jagiellonian University at most 7 years before the employment in the project (this limit can be extended in case of parental leave, military service, or other documented break in the employment)
2. High level of academic competence in the theoretical investigation of quantum many-body systems, quantum transport calculations, or tensor networks confirmed by solid publication record.
3. Excellent knowledge of English and the willingness to work in a team.
4. High programming skills (Python, Matlab, Julia, or similar).

We offer:

1. full-time employment for 24 months including social and health insurance.

We seek a researcher who will be responsible for the development and implementation of new numerical techniques to study adiabaticity in quantum many-body systems.

The candidates, who would like to take part in the competitive selection process, should submit the following documents to the project principal investigator Professor Jacek Dziarmaga (e-mail: jacek.dziarmaga@uj.edu.pl):

1. cover letter
2. scientific CV including list of publications
