

Jagiellonian University in Kraków promotes cooperation and cares for a good atmosphere based on mutual trust. It implements the strategy resulting from The Human Resources Strategy for Researchers, creating stable conditions for employment as well as the development of academic career, which resulted in the award of the HR Excellence in Research by the European Commission

INFORMATION ON SELECTION PROCEDURE

Date of selection procedure announcement	Krakow, 14.02.2023
Selection procedure information number given by the Centre for Human Resources	1227.1101.62.2023
Director of a non-faculty, inter-faculty or common unit	Dr Danuta Earnshaw Mossakowska, prof. UJ Director of the Malopolska Centre of Biotechnology
Address	Gronostajowa 7A, 30-387 Krakow

RECTOR

of the Jagiellonian University

announces a selection procedure for the position of an

ASSISTANT PROFESSOR

Group of employees	Research staff
JU organisational unit (place of work performance)	Malopolska Centre of Biotechnology
Field of science	Sciences and natural sciences
Discipline	Biological Sciences
Scope	Protein Engineering
Number of posts	1 post
Type of employment	Fixed term employment contract
Working time	Full- time
Planned duration of employment	01.04.2023 – 02.10.2023, with the possibility of further extension
Expected date of employment commencement	April 2023

Remuneration	according to the Rules for Remunerating Jagiellonian University Employees
Requirements	<p>The selection procedure is open for all individuals, who meet the requirements set out in Articles 113 and 116.2.3) of the Act of 20 July 2018 – Law on Higher Education and Science, and who meet the following eligibility criteria according to § 165 of the Statute of the Jagiellonian University:</p> <ul style="list-style-type: none"> • holding at least a doctoral degree; • having relevant scientific achievements; • taking active part in scientific life;
Additional requirements and expectations	<ul style="list-style-type: none"> • having background studies in one of the fields related to this project, e.g. molecular biology, biochemistry, biophysics, structural biology, cell biology and chemical biology; • demonstrate knowledge of the subject matter related to the content of the announced project, • having very good in spoken and written English. • fulfil formal criteria of the competition as specified by the National Science Foundation (see section in Polish Stanowisko Rady NCN Post-doc) • having experience in wet laboratory work, preferably in directed evolution of proteins; • having highly motivation to pursue protein engineering project; • having publications at least one scientific article in a peer-reviewed journal as the first author (if you have a special reason not to have a publication, e.g. long-term reviewing process, patent application, etc., please mention it in the application.); • having self-development attitude to establish his/her scientific career in a relative scientific realm;
Project Title	“Laboratory Evolution of Supercharged Proteins using a Supercharged Protein Nanocage”
Project description	National Science Centre SONATA 14 programme. We are now recruiting a scientist who will be involved in the research project to develop a new method for engineering of supercharged proteins. The project offers you the opportunity to gain experience in laboratory evolution, a most powerful approach to endow proteins with user-defined function, as well as in protein cage-based technology, a hot research topic fueled by prospective applications in catalysis and medicine. You will be mentored by Dr. Yusuke Azuma, (https://www.azumag.com/) as a member of the prof. Jonathan Heddle’s laboratory, located at the Małopolska Centre of Biotechnology
Scope of duties	according to the Work Regulations of the Jagiellonian University Annex 1 to the Work Regulations of the Jagiellonian University – Model scopes of responsibilities and duties of academic teachers
We offer	<ul style="list-style-type: none"> • excellent trainings: in our diverse group you will be able to network with international researchers, experience about new skills including in DNA origami design, enzyme biochemistry, structural biology, protein design etc., • access to the basic and modern research instruments for molecular biology and nanotechnology (fluorescent-activated cell sorting (FACS), cryo-transmission electron microscopy, spectrometers, dynamic light scattering, chromatography pump system, etc.), • a competitive salary • scientific support as well as the possibility of qualifications improvement and professional development, • cooperation with the interdisciplinary academic community represented by well-known scientists,

	<ul style="list-style-type: none"> stable employment based on an employment contract at the renowned university, benefits in the form of i.a. Multisport card, sports activities, medical packages, group insurance, additional social benefits
Required application documents	<ol style="list-style-type: none"> resume (CV), personal questionnaire filled in by the candidate, copy of the doctoral diploma or a diploma confirming the candidate's habilitation degree, if applicable, information on the candidate's scientific, teaching and organisational achievements, declaration of the candidate, confirming that the Jagiellonian University will be their primary place of work, should they be selected in the selection procedure, statement under Article 113 of the Law on higher education and science, statement on acknowledging and accepting the rules and regulations concerning intellectual property management and commercialisation in force at the Jagiellonian University. <p>Declaration forms (no. 5-7) and personal questionnaire template (no. 2) can be obtained at: https://cso.uj.edu.pl/en_GB/konkursy</p>
Additional application documents	<ol style="list-style-type: none"> list of publications (along with the respective publishing houses and the number of pages), if applicable, motivation letter describing why you want to join our group and what you can bring to us and brief description of your previous work two letters of reference, including a former supervisor - if available
The course of selection procedure	The first stage of the selection procedure is the formal assessment of the submitted documents. Applications which meet all formal requirements are the subject of substantive assessment, during which an interview with the Candidate may be conducted (directly or via electronic communication channels), upon settling the date of the interview with the Candidate. The Candidate has the right to appeal against the negative assessment by the selection board within 7 days from receiving the information about the results of the assessment.
Form of submission	<p>by e-mail to the address: job.mcb@uj.edu.pl title: "Post-doc AZUMA Group - Sonata 14,"</p> <p>or</p> <p>by mail to: Malopolska Centre of Biotechnology UJ, Gronostajowa 7a, 30-387 Krakow, with the note: "Post-doc AZUMA Group -Sonata 14"</p>
Deadline for submission of applications	28.02.2023
Expected date of the selection procedure settlement	till 15.03.2023
Method of communicating of the results of the selection procedure	by e-mail
Questions	<p>For further information please contact dr Yusuke Azuma, e-mail address: job.mcb@uj.edu.pl</p> <p>with the note: "Post-doc AZUMA Group - Sonata 14"</p>

In the selection procedure, the Jagiellonian University follows the principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers.

Jagiellonian University does not provide housing.

On behalf of
the Rector of the Jagiellonian University
Head of Malopolska Centre of Biotechnology
Dr Danuta Earnshaw Mossakowska, prof. UJ

Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer www.iod.uj.edu.pl, Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: iod@uj.edu.pl or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
 - a. conduct recruitment process for the position specified in the advertisement for the post of ASSISTANT PROFESSOR in the research staff member group in the Malopolska Centre of Biotechnology – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
 - b. conduct recruitment process for the position specified in the advertisement for the post of an ASSISTANT PROFESSOR in the research staff member group in the Malopolska Centre of Biotechnology based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide your personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: mcb@uj.edu.pl or by post to the following address: **Malopolska Centre of Biotechnology, Gronostajowa 7a, 30-387 Krakow**, or you can withdraw your consent in person at **Malopolska Centre of Biotechnology, Gronostajowa 7a, 30-387 Kraków, Poland**.
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
