Jagiellonian University in Kraków promotes cooperation and cares for a good atmosphere based on mutual trust. It implements the strategy resulting from The Human Resources Strategy for Researchers, creating stable conditions for employment as well as the development of academic career, which resulted in the award of the HR Excellence in Research by the European Commission

INFORMATION ON SELECTION PROCEDURE

Date of selection procedure announcement	Krakow, 15.02.2023
Selection procedure information number given by the Centre for Human Resources	1227.1101.23.2023
Director of a non-faculty, inter-faculty or common unit	DR DANUTA EARNSHAW MOSSAKOWSKA, PROF. UJ DIRECTOR OF MALOPOLSKA CENTRE OF BIOTECHNOLOGY
Address	ul. Gronostajowa 7a, 30-387 Kraków

JAGIELLONIAN UNIVERSITY

announces a selection procedure for the position of an

ENGINEERING AND TECHNICAL SPECIALIST

Group of employees	Engineering and technical
JU organisational unit (place of work performance)	Malopolska Centre of Biotechnology
Scope	Bioinformatics
Number of posts (in the case of more than 1 post)	1 post
Type of employment	Employment agreement
Working time	Full time
Planned duration of employment	30 months
Expected date of employment commencement	1st-2nd quarter 2023
Remuneration	according to the Rules for Remunerating Jagiellonian University Employees
Requirements	- university degree in bioinformatics, biotechnology, or computer science - professional experience: at least 4 years in high-throughput analysis of -omics data

	• skills:
	   ○ knowledge of the basics of genomic and transcriptomic data analysis,
	   ○ computer literacy,
	   ○ knowledge of MS Office,
	   ○ communication skills,
	   ○ accuracy,
	   ○ proficiency in spoken and written English

Additional requirements and expectations	• has strong experience in the use of programming languages for data analysis (e.g. R, Python, Perl, C/C++, Java), • has experience in bioinformatics pipeline design (e.g. using Snakemake), • has in-depth knowledge in at least one of the following areas: genomics, transcriptomics, metagenomics, epigenomics, proteomics, metabeolomics • has a track record of publishing research and/or pre-presenting it at international conferences • has demonstrated team working skills • completion of bioinformatics data analysis projects during undergraduate/engineering/master's studies would be a plus • PhD degree (or initiated doctoral dissertation) in: bioinformatics, biology, mathematics, computer science or related science will be a welcome advantage
Project Title	POB BioS Flagship Project "Formation of an Omics and Structural Research Center (OSRC)"
Scope of duties	• development and maintenance of tools for bioinformatics analysis of data generated by high-throughput measurement devices (e.g. NGS sequencers) at the Genomics Centre (and other BioS POB Centres), • performing preliminary and extended analysis of data generated at the Genomics Centre (and other BioS POB Centres) as part of the services provided by the Centres
We offer	• the opportunity to work on important and challenging scientific issues, • the chance to work with world-class scientific leaders at leading research institutions, • a friendly and interactive working environment with close links to the bioinformatics community at the Jagiellonian University's Malopolska Bio-technology Centre, • stable employment based on an employment contract at the renowned university, • possibility of qualifications improvement and professional development, • benefits in the form of i.a. Multisport card, sports activities, medical packages, group insurance, • additional social benefits.
Required application documents	1. resume, 2. personal questionnaire filled in by the candidate, Declaration forms and personal questionnaire template can be obtained at: https://cso.uj.edu.pl/en_GB/nienauczyciele
Additional application documents	• a copy of the doctoral diploma or certificate of the opening of the doctoral procedure - if the Candidate has • information about the Candidate's scientific achievements • information about the bioinformatics data analysis projects carried out during the Bachelor's/engineering/Master's studies
Form of submission	by e-mail to the address: aleksandra.sulma@uj.edu.pl, title: 'Competition for the post of Specialist in bioinformatics'

	by mail to: Małopolska Centre of Biotechnology Jagiellonian University ul. Gronostajowa 7A 30-387 Kraków, Poland with the note: 'Competition for the post of Specialist in bioinformatics'
Deadline for submission of applications	17.03.2023
Method of communicating of the results of the selection procedure	by e-mail
Questions	For further information please contact Paweł Łabaj, PhD, e-mail address: pawel.labaj@uj.edu.pl

Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer www.iod.uj.edu.pl, Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: iod@uj.edu.pl or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
    a) conduct recruitment process for the position specified in the advertisement from 10.01.2023 for the post of an ASSISTANT PROFESSOR in the research staff member group in the Malopolska Centre of Biotechnology – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
    b) conduct recruitment process for the position specified in the advertisement from 10.01.2023 for the post of an ASSISTANT PROFESSOR in the research staff member group in the Malopolska Centre of Biotechnology based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide you personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: : mcb@uj.edu.pl or by post to the following address: **Malopolska Centre of Biotechnology, Gronostajowa 7a, 30-387 Krakow**, or you can withdraw your consent in person **at Malopolska Centre of Biotechnology, Groostajowa 7a room 3/12, 30-387 Kraków, Poland.**
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
