

*Jagiellonian University in Kraków promotes cooperation and cares for a good atmosphere based on mutual trust. It implements the strategy resulting from The Human Resources Strategy for Researchers, creating stable conditions for employment as well as the development of academic career, which resulted in the award of the HR Excellence in Research by the European Commission*

## INFORMATION ON SELECTION PROCEDURE

<b>Date of selection procedure announcement</b>	Krakow, 31.05.2023
<b>Selection procedure information number given by the Centre for Human Resources</b>	1227.1101.171.2023 (2)
<b>Dean of the faculty of chemistry</b>	Prof. dr hab. Wojciech Macyk
<b>Address</b>	Faculty of Chemistry UJ ul. Gronostajowa 2 30-387 Kraków

### RECTOR

of the Jagiellonian University

announces a selection procedure for the position of an

### ASSISTANT PROFESSOR

<b>Group of employees</b>	Research staff
<b>JU organisational unit (place of work performance)</b>	Faculty of Chemistry Organic Section
<b>Field of science</b>	exact and natural sciences
<b>Discipline</b>	chemistry
<b>Scope</b>	Organic/synthetic chemistry
<b>Number of posts</b>	
<b>Type of employment</b>	contract
<b>Working time</b>	Full time
<b>Planned duration of employment</b>	12 months with potential extension on another 12 months

<b>Expected date of employment commencement</b>	1/09/2023 or soon after
<b>Remuneration</b>	according to the <a href="#">Rules for Remunerating Jagiellonian University Employees</a>
<b>Requirements</b>	<p>The selection procedure is open for all individuals, who meet the requirements set out in Articles 113 and 116.2.3) of the Act of 20 July 2018 – Law on Higher Education and Science, and who meet the following eligibility criteria according to § 165 of the Statute of the Jagiellonian University:</p> <ul style="list-style-type: none"> <li>• holding at least a doctoral degree;</li> <li>• having relevant scientific achievements;</li> <li>• taking active part in scientific life.</li> </ul>
<b>Additional requirements and expectations</b>	<ul style="list-style-type: none"> <li>• doctoral degree in chemical sciences must be awarded in the year of employment in the project or within 7 years prior the 1<sup>st</sup> of January of the year of employment (not earlier than 2016) and must be awarded by the department other than Jagiellonian University;</li> <li>• experience in multi-step organic synthesis;</li> <li>• experience in spectroscopic analysis of organic compounds with a special emphasis on NMR techniques in 1D and 2D variants;</li> <li>• experience in electron spectroscopy (absorption and emission) including CD experiments will be an additional advantage;</li> <li>• experience in ESR techniques;</li> <li>• experience in DFT calculations for establishing the properties necessary for correlation with experiment;</li> <li>• ability to work in team;</li> <li>• fluency in English key for following scientific literature and a day-by-day work in the lab.</li> </ul>
<b>Project Title</b>	<i>Strongly conjugated macrocycles with imprinted chirality - towards efficient CPL emitters</i>
<b>Project description</b>	Project focuses on a controlled synthesis of structural motifs with imprinted strong conjugation with additionally built-in chirality based on helical or axial structure. An adequate definition of precisely constructed fluorophore secures efficient fluorescence while the chirality potentially leads to appropriate modulation of parameters responsible for efficient asymmetric emission. Project requires significant involvement in synthesis and characteristic of obtained systems supported by establishing parameters of CPL emission.
<b>Scope of duties</b>	<p>according to the <a href="#">Work Regulations of the Jagiellonian University</a> Annex 1 to the Work Regulations of the Jagiellonian University – Model scopes of responsibilities and duties of academic teachers</p> <ul style="list-style-type: none"> <li>• lab work towards given targets; planning and execution of synthesis;</li> <li>• analysis of obtained systems with spectroscopic techniques;</li> <li>• performing DFT calculations;</li> <li>• active participation in team meetings;</li> <li>• regular reporting to the PI on the progress of the project.</li> </ul>
<b>We offer</b>	<ul style="list-style-type: none"> <li>• stable employment based on an employment contract at the renowned university,</li> <li>• cooperation with the interdisciplinary academic community represented by well-known scientists,</li> <li>• scientific support as well as the possibility of qualifications improvement and professional development,</li> <li>• access to research infrastructure,</li> <li>• benefits in the form of i.a. Multisport card, sports activities, medical packages, group insurance,</li> <li>• additional social benefits.</li> </ul>

<b>Required application documents</b>	<ol style="list-style-type: none"> <li>1. resume,</li> <li>2. personal questionnaire filled in by the candidate,</li> <li>3. copy of the doctoral diploma or a diploma confirming the candidate's habilitation degree, if applicable,</li> <li>4. information on the candidate's scientific, teaching and organisational achievements,</li> <li>5. declaration of the candidate, confirming that the Jagiellonian University will be their primary place of work, should they be selected in the selection procedure,</li> <li>6. statement under Article 113 of the Law on higher education and science,</li> <li>7. statement on acknowledging and accepting the rules and regulations concerning intellectual property management and commercialisation in force at the Jagiellonian University.</li> </ol> <p><b>Declaration forms (no. 5-7) and personal questionnaire template (no. 2) can be obtained at:</b>  <a href="https://cso.uj.edu.pl/en_GB/konkursy">https://cso.uj.edu.pl/en_GB/konkursy</a></p>
<b>Additional application documents</b>	<ul style="list-style-type: none"> <li>• list of publications (along with the respective publishing houses and the number of pages), if applicable,</li> <li>• doctoral dissertation or habilitation dissertation review, if applicable;</li> <li>• recommendation concerning the candidate's predisposition of research signed by direct supervisor or Ph.D. thesis advisor.</li> </ul>
<b>The course of selection procedure</b>	The first stage of the selection procedure is the formal assessment of the submitted documents. Applications which meet all formal requirements are the subject of substantive assessment, during which an interview with the Candidate may be conducted (directly or via electronic communication channels), upon settling the date of the interview with the Candidate. The Candidate has the right to appeal against the negative assessment by the selection board within 7 days from receiving the information about the results of the assessment.
<b>Form of submission</b>	<p>by e-mail to the address: <a href="mailto:etat@chemia.uj.edu.pl">etat@chemia.uj.edu.pl</a>, title: <b>CPL_Projekt_MJP_2</b></p> <p>by mail to:  Sekretariat Wydziału Chemii UJ,  ul. Gronostajowa 2, 30-387 Kraków.</p> <p>with the note: <b>CPL_Projekt_MJP_2</b></p>
<b>Deadline for submission of applications</b>	30 <sup>th</sup> June 2023
<b>Expected date of the selection procedure settlement</b>	15 <sup>th</sup> September 2023
<b>Method of communicating of the results of the selection procedure</b>	by e-mail
<b>Questions</b>	For further information and informal queries please contact Prof. Miłosz Pawlicki (PI of the project) on e-mail address: <a href="mailto:miłosz.pawlicki@uj.edu.pl">miłosz.pawlicki@uj.edu.pl</a>

In the selection procedure, the Jagiellonian University follows the principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers. Jagiellonian University does not provide housing.

On behalf of  
the Rector of the Jagiellonian University

prof. dr hab. Wojciech Macyk  
Dean of the faculty of chemistry

### Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer [www.iod.uj.edu.pl](http://www.iod.uj.edu.pl), Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: [iod@uj.edu.pl](mailto:iod@uj.edu.pl) or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
  - a. conduct recruitment process for the position specified in the advertisement – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
  - b. conduct recruitment process for the position specified in the advertisement based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide you personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: [etat@chemia.uj.edu.pl](mailto:etat@chemia.uj.edu.pl) or by post to the following address: **Jagiellonian University, Faculty of Chemistry, Gronostajowa Street 2, 30-387 Krakow** or you can withdraw your consent in person **at room C0-06 address as above**.
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
