

Jagiellonian University in Kraków promotes cooperation and cares for a good atmosphere based on mutual trust. It implements the strategy resulting from The Human Resources Strategy for Researchers, creating stable conditions for employment as well as the development of academic career, which resulted in the award of the HR Excellence in Research by the European Commission

INFORMATION ON SELECTION PROCEDURE

Date of selection procedure announcement Krakow, October 16, 2023

Selection procedure information number given by the Centre for Human Resources	1227.1101.290.2023
---	--------------------

Dean of the faculty of Biology	Dean of the Faculty of Biology dr hab. Joanna Zalewska-Gałosz, prof. UJ
---------------------------------------	--

Address	ul. Gronostajowa 7, 30-387 Krakow
----------------	-----------------------------------

RECTOR

of the Jagiellonian University

announces a selection procedure for the position of an

ASSISTANT PROFESSOR

Group of employees	Research staff
---------------------------	----------------

JU organisational unit (place of work performance)	Faculty of Biology, Institute of Environmental Sciences
---	---

Field of science	Exact and Natural Sciences
-------------------------	----------------------------

Discipline	Biological Sciences
-------------------	---------------------

Number of posts	1
------------------------	---

Type of employment	Employment contract
---------------------------	---------------------

Working time	Full-time
---------------------	-----------

Planned duration of employment	24 months
---------------------------------------	-----------

Expected date of employment commencement	1 st quarter of 2024
---	---------------------------------

Remuneration	according to the Rules for Remunerating Jagiellonian University Employees
Requirements	<p>The selection procedure is open for all individuals, who meet the requirements set out in Articles 113 and 116.2.3) of the Act of 20 July 2018 – Law on Higher Education and Science, and who meet the following eligibility criteria according to § 165 of the Statute of the Jagiellonian University:</p> <ul style="list-style-type: none"> • holding at least a doctoral degree; • having relevant scientific achievements; • taking active part in scientific life.
Additional requirements and expectations	<ul style="list-style-type: none"> • The suitable candidate will have a PhD degree obtained no earlier than in 2017 (extensions for parental leave apply); • fluency in English; • experience in bioinformatic analysis of NGS, mixed models, and MHC diversity; • knowledge of statistics; • documented research interests in disease ecology and evolutionary biology; • ability to work in a team; • a background in blood parasites or emerging amphibian diseases will be an advantage.
Project Title	NCN OPUS 21 project: “The role of blood parasites in emerging disease dynamics and biodiversity loss in amphibians”
Project description	<p>We are seeking for a postdoctoral researcher in amphibian disease ecology, evolution, and immunogenetics to work in the Genomics and Experimental Evolution group at the Institute of Environmental Sciences, Jagiellonian University, Krakow, Poland. The position is part of the National Science Centre (NCN) grant “The role of blood parasites in emerging disease dynamics and biodiversity loss in amphibians”.</p> <p>Understanding interactions between pathogens and between pathogens and hosts is essential to infer the evolution of disease dynamics, host immunity, and pathogen virulence. Such knowledge is crucial in endangered taxa such as amphibians, where emerging infectious diseases play a major role in their dramatic decline. In this project, we propose to assess the role of hematic parasites in the dynamics of emerging diseases and the impact on the host immune system (in particular MHC genes).</p>
Scope of duties	<p>according to the Work Regulations of the Jagiellonian University Annex 1 to the Work Regulations of the Jagiellonian University – Model scopes of responsibilities and duties of academic teachers.</p> <p>The assistant professor will contribute to the following aims of the project:</p> <ol style="list-style-type: none"> 1. to discover the interactions between hematic and emerging pathogens; 2. to assess the adaptive potential of amphibians to respond to pathogen threats in infected populations; 3. to investigate the potential relationship between parasite infections and MHC diversity. <p>The position will involve bioinformatics and statistical modelling. (S)he will work together with the PI and other team members, including a network of international collaborators.</p>
We offer	<ul style="list-style-type: none"> • stable employment based on an employment contract at the renowned university, • cooperation with the interdisciplinary academic community represented by well-known scientists, • scientific support as well as the possibility of qualifications improvement and professional development,

	<ul style="list-style-type: none"> • access to research infrastructure, • benefits in the form of i.a. Multisport card, sports activities, medical packages, group insurance, • additional social benefits.
Required application documents	<ol style="list-style-type: none"> 1. resume, 2. personal questionnaire filled in by the candidate, 3. copy of the doctoral diploma or a diploma confirming the candidate's habilitation degree, if applicable, 4. information on the candidate's scientific, teaching and organisational achievements, 5. declaration of the candidate, confirming that the Jagiellonian University will be their primary place of work, should they be selected in the selection procedure, 6. statement under Article 113 of the Law on higher education and science, 7. statement on acknowledging and accepting the rules and regulations concerning intellectual property management and commercialisation in force at the Jagiellonian University. <p>Declaration forms (no. 5-7) and personal questionnaire template (no. 2) can be obtained at: https://cso.uj.edu.pl/en_GB/konkursy</p>
Additional application documents	<ol style="list-style-type: none"> 1. list of publications (along with the respective journal name and the number of pages), if applicable,
The course of selection procedure	<p>The first stage of the selection procedure is the formal assessment of the submitted documents. Applications which meet all formal requirements are the subject of substantive assessment, during which an interview with the Candidate may be conducted (directly or via electronic communication channels), upon settling the date of the interview with the Candidate. The Candidate has the right to appeal against the negative assessment by the selection board within 7 days from receiving the information about the results of the assessment. The selection procedure is conducted in accordance with The Policy of Open, Transparent and Merit-Based Recruitment Process at the Jagiellonian University</p>
Form of submission	by e-mail to the address: gemma.palomar@uj.edu.pl , title: OPUS_Postdoc
Deadline for submission of applications	November 16, 2023
Expected date of the selection procedure settlement	November 30, 2023
Method of communicating of the results of the selection procedure	by e-mail
Questions	For further information please contact dr Gemma Palomar García , e-mail address: gemma.palomar@uj.edu.pl

In the selection procedure, the Jagiellonian University follows the principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers. Jagiellonian University does not provide housing.

On behalf of
the Rector of the Jagiellonian University

Dean of the faculty of Biology

Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer www.iod.uj.edu.pl, Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: iod@uj.edu.pl or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
 - a. conduct recruitment process for the position specified in the above advertisement – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
 - b. conduct recruitment process for the position specified in the above advertisement based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide your personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: gemma.palomar@uj.edu.pl or by post to the following address: The Institute of Environmental Sciences of Faculty of Biology, Jagiellonian University, Gronostajowa 7, 30-387 Kraków or you can withdraw your consent in person at the Institute of Environmental Sciences of Faculty of Biology, Jagiellonian University, Gronostajowa 7, 30-387 Kraków.
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
