

This project has received funding from the European Research Council (ERC) under the European Union's Horizon Europe research and innovation programme (grant agreement No 101040311)

Jagiellonian University in Kraków promotes cooperation and cares for a good atmosphere based on mutual trust. It implements the strategy resulting from The Human Resources Strategy for Researchers, creating stable conditions for employment as well as the development of academic career, which resulted in the award of the HR Excellence in Research by the European Commission

INFORMATION ON SELECTION PROCEDURE

Date of selection procedure announcement	Krakow, 12.01.2024
Selection procedure information number given by the Centre for Human Resources	1227.1101.2.2024
Dean of the faculty of Biology	dr hab. Joanna Zalewska-Gałosz, prof. UJ
Address	Faculty of Biology Gronostajowa 7 30-387 Kraków

JAGIELLONIAN UNIVERSITY

**announces a selection procedure for the position of an
ENGINEERING SCIENTISTS EMPLOYEE**

Group of employees	engineering scientists
JU organisational unit (place of work performance)	Institute of Environmental Sciences
Number of posts	1
Type of employment	Employment contract
Working time	Full time
Planned duration of employment	Approx. 42 months (including a 6-month probationary period)
Expected date of employment commencement	Q2 2024
Remuneration	according to the Rules for Remunerating Jagiellonian University Employees
Requirements	<ul style="list-style-type: none">• holding at least a Master's degree, Master of Science degree or an equivalent degree;• exhibiting aptitude for research work;• have at least three years' experience in working in research projects with evidence of co-authorship in scientific journals.

Additional requirements and expectations	<ul style="list-style-type: none"> • good self-organisation and time management skills, • strong motivation for research work, • proven experience in a molecular laboratory (DNA isolation, PCR, qPCR, cloning, construct design, bacterial transformation, western blot, cell culture), • fluency in English, • fluency in Polish, • ability to plan, perform and document experiments independently, • a positive opinion of the head of the department/department or the scientific supervisor on the candidate's qualifications and predispositions for scientific work, • ability to work in a team and supervise students, • proven research interests and scientific achievements in line with the project topic, • experience of working with insects and/or cell cultures, • good knowledge of statistics.
Project Title	Uncovering the mechanisms of action of an antiviral bacterium
Project description	We are looking for a Technician in the research group of Molecular Mechanisms of Symbiosis at the Institute of Environmental Sciences of the Jagiellonian University. The employed person will join a newly created team whose goal will be to discover the molecular mechanisms of interaction between the intracellular Wolbachia bacteria and insects. The project will be carried out using molecular biology techniques, next-generation sequencing (NGS) and confocal microscopy. This position will be funded by the European Research Council.
Scope of duties	<ul style="list-style-type: none"> • maintenance of experimental cultures of insects, insect cells and micro-organisms, • maintenance of key laboratory infrastructure, • implementation of the laboratory protocols, • development of new procedures for use in the laboratory, • carrying out of a molecular biology project: planning and performing experiments to discover the molecular mechanisms of symbiosis.
We offer	<ul style="list-style-type: none"> • stable employment based on an employment contract at the renowned university, • possibility of qualifications improvement and professional development, • benefits in the form of i.a. Multisport card, sports activities, medical packages, group insurance, • additional social benefits.
Required application documents	<ol style="list-style-type: none"> 1. resume, 2. cover letter 3. personal questionnaire filled in by the candidate, <p>Declaration forms and personal questionnaire template can be obtained at: https://cso.uj.edu.pl/en_GB/nienauczyciele</p>
Additional application documents	<ol style="list-style-type: none"> 1. list of publications (including the publisher and the number of pages), 2. opinion on the Candidate's predispositions and qualifications for scientific work - including results of student questionnaires, if the Candidate has undergone such an assessment.
Form of submission	by e-mail to the address: ewa.chrostek@uj.edu.pl, title: ERC_Technician
Deadline for submission of applications	11th February 2024

<i>Expected date of the selection procedure settlement</i>	1st March 2024
<i>Method of communicating of the results of the selection procedure</i>	by e-mail
<i>Questions</i>	For further information please contact Dr Ewa Chrostek, e-mail address: ewa.chrostek@uj.edu.pl

Personal data processing information for job applicants

According to Article 13 of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – hereinafter GDPR), the Jagiellonian University informs that:

1. The Administrator of your personal data is the Jagiellonian University with its registered office in Gołębia 24, 31-007 Kraków, represented by the Rector of UJ.
2. The Jagiellonian University appointed the Data Protection Officer www.iod.uj.edu.pl, Gołębia 24, 30-007 Kraków. The Officer can be contacted by email: iod@uj.edu.pl or at the telephone number 12 663 12 25.
3. Your personal data will be processed in order to:
 - a. conduct recruitment process for the position specified in the above advertisement – as part of the legal obligation of the Administrator pursuant to Art. 6 (1) lit c of the GDPR in connection with the Polish Labour Code;
 - b. conduct recruitment process for the position specified in the above advertisement based on your consent pursuant to Art. 6 (1) lit a of the GDPR – your consent is granted by the clear action of submitting your CV with the Administrator. The consent to the processing of personal data concerns data that you voluntarily provide as part of your CV, which do not result from Polish Labour Code.
4. The obligation to provide your personal data results from the law (it applies to personal data processed under Article 6 (1) lit c of the GDPR). Failure to provide your personal data will result in your inability to take part in the recruitment process. Submission of personal data processed on the basis of consent (Article 6 (1) lit a of the GDPR) is voluntary.
5. Your data will be processed during the recruitment period. In the event of not concluding the contract with you, your data will be deleted after the recruitment process.
6. You have the right of access to the content of your personal data, as well as the right to correct, delete, restrict processing, transfer, object to processing – on the terms and conditions set out in the GDPR.
7. If the processing is based on consent, you have the right to withdraw the consent at any time, which shall not affect the lawfulness of processing based on the consent given before the withdrawal. Withdrawal of consent to the processing of personal data can be sent by e-mail to: ewa.chrostek@uj.edu.pl or by post to the following address: The Dean's Office of Faculty of Biology, Jagiellonian University, Gronostajowa 7, 30-387 Kraków or you can withdraw your consent in person at the Dean's Office of Faculty of Biology, Jagiellonian University, Gronostajowa 7, 30-387 Kraków.
8. Your personal data will not be subject to automated decision making or profiling.
9. You have the right to lodge a complaint with the Inspector General for the Protection of Personal Data, if you feel that the processing of your personal data violates the GDPR regulations.
